

PALLAVI SCHOOL

GANDIPET

VIF EDUCATION SOCIETY

CBSE Affiliation No. 3630333 | School Code 57859

FORM OF UNDERTAKING

As part of our commitment to fire safety regulations, we are in the process of obtaining a renewed Fire Safety Certificate for our institution. The construction of a permanent ramp structure is mandatory for issuing a renewed certificate and it has been completed following the prescribed norms.

We have already installed the main hydrant line for all three blocks, covering an area of approximately 225 meters.

5 fire hydrant outlet valves have been positioned in the L-shaped building that is interconnected and continuous. The five hydrant lines are connected to overhead tanks with a capacity of 5000 litres each.

Additionally, we have installed a total of 20 fire-diffusing hose boxes, each equipped with a 15-meter hose pipe.

Furthermore, we have placed 40 fire extinguishers on each floor of the L-shaped building.

The **Challan no: 508990002023** is uploaded for your reference. Inspection by the authorities has been completed. However, its processing has been delayed as the election code is active. We shall upload the certificate in the mandatory disclosure segment on the website as well as on SARAS as soon as it is issued.
